

Collective Worship Calendar 2023-2024

At St Michael's our mission statement is *'for every child to live an abundant life'* and we believe that this can be accomplished through providing rich and rewarding experiences. We seek to achieve this by underpinning our curriculum with the teaching of Christian values. We believe that values education will not only support the children to make a positive contribution to a fair, just and civil society, but it will also support their own spiritual growth.

Schools are required to be responsible for the Spiritual, Moral, Social and Cultural (SMSC) development of their pupils, therefore Spirituality is core to this wider aspect of growth and the development of children taking place across the whole of the curriculum and in all aspects of school life.

What is Spirituality?

By its very nature, spirituality cannot be readily defined or confined by words as "it is more felt-sense, drawing on non-verbal insights, vision, sound, touch and so on. It can be a powerful kind of knowing that is less worried about proving how you know." (Nye R, 2009; Children's Spirituality)

Some definitions that others have used/proposed are:

Living fully with nothing excluded from our hearts.

The search for God in response to God's search for us.

The sense making activity that both children and adults necessarily carry out as a result of life experiences they encounter.

Spirituality ranges from sensing of divine presence to the recognition of a heightened quality in an event or encounter and a response of awe and wonder.

Aspects of Spiritual Development

The provision for spiritual development at St Michael's School will help pupils and staff to develop their:

Ability to be reflective about their own beliefs and perspective on life

Knowledge of, and respect for, different people's faiths, feelings and values

Sense of enjoyment and fascination in learning about themselves, others and the world around them

Use of imagination and creativity in their learning and/or teaching

Willingness to reflect in their experiences

School Statement on Spirituality (adapted from ideas developed by the Diocese of Gloucester Education Department)

In the prophet Isaiah (chapter 64,v8), we are likened to pots of clay all made by the potter (God, our heavenly Father). Yet, in life things happen that impact on the physical 'pot' of life and create cracks that provide a glimpse of something 'beyond' the tangible. Christians would view this as an opportunity to relate to the Divine Creator God.

Cracks may be caused when something so good and breath-taking happens that the pot expands and cracks – the **'wows'** of life.

Cracks may happen when something challenging happens and threatens the comfort of everyday – the **'ows'** of life.

Cracks can also happen in the stillness and ordinariness of everyday – the **'nows'** of life, when a moment of stillness, a pause or prayer creates a crack in the normal, physical every day.

St Michael's School uses this language and the concepts of **'wows'**, **'ows'** and **'nows'** to explore relationships with:

Ourselves

Others

The wider natural world and beyond

The Divine Creator (God)

Spirituality in Collective Worship

Collective Worship is the beating heart of our school. It provides the opportunity for our school community to share experiences, ideas and understanding. It is the context in which the language of spirituality, which we use as a school, is regularly and explicitly shared.

Collective Worship provides the opportunity for pupils to become aware of the importance of reflection and how our positive and negative experiences can be formative. It also provides a real sense of being present (now moments) which are often linked to invitations to pray.

Through daily Collective Worship, pupils are offered a space and a place for hearing the Christian story. They are offered an understanding of worship by being invited to participate in, or observe, Christian spiritual practices such as: prayer, reading and reflection on the Bible and liturgy and are introduced to different musical traditions.

Opportunities to reflect on the joys of life such as beauty and joy of the world are given, as well as time to reflect and empathise with the low moments of disappointment or pain.

Pupils are given time to consider their responsibilities to others and to grow in love and service. Time is given for celebration, both for the accomplishments of school members and to mark seasonal Christian festivals and celebrations in the calendars of other faiths as well as significant social and cultural events in the life of our country and community. In this way pupils are offered time to be able to contemplate and develop spiritually.

Alongside this, the school has chosen six key values or 'school' values we actively teach and promote - **hope, trust, love, peace, resilience and joy**; we strive to teach the children to be respectful and kind. These values are permeated through the school life and each half term one of the school values is discussed in greater depth and explored from a biblical perspective. These work on a rolling programme so that the core values are explored at different times in each academic year. An all-encompassing thread, which runs through the value developed each half term is our one school rule of respect. We teach our children that they have the power to build respect with the way they conduct their lives. We teach our children to show respect and to take responsibility, to be honest, loyal and to lead by example, to persevere, show compassion, reflect and ultimately develop integrity – doing the right thing when no-one is watching – because God is watching. Ultimately we believe that embedding these values in our lives, underpinned by our school rule to be respectful and kind, will make us resilient individuals and enable us to make a positive contribution to this world.

The value of respect "be the best you can be"

Show proper respect to everyone: Love the brotherhood of believers, fear God, honour the King.

1 Peter 2:17

Show acts of kindness

Therefore, as God's chosen people, holy and dearly loved, clothe yourselves with compassion, kindness, humility, gentleness and patience.

Colossians 3:12

As we reflect about our daily actions and thoughts we pray for strength to be better people. We pray the prayer Jesus taught in Matthew 6 to help us to be the best we can be to ourselves and to God.

Our Father in heaven, hallowed be your name, your kingdom come, your will be done, on earth as in heaven. Give us today our daily bread. Forgive us our sins as we forgive those who sin against us. Lead us not into temptation but deliver us from evil. For the kingdom, the power, and the glory are yours now and for ever. Amen.

Value	Theme
Resilience	Resilience is the ability to recover quickly from difficulties, to “bounce back” when facing challenges. Challenges will come and dealing with these challenges is key for the development of children’s resilience. Uncertainty is an important part of life, as it will stretch children’s ability to think and analyse. Resilience develops the children’s inner wisdom, the strength of their character, and their emotional intelligence.
Peace	We learn that peace is a state of mind. If you find peace in God, you can be happy despite any situation. If you have everything the world can give - pleasure, possessions, power - but lack peace of mind, you will not find true happiness, which will lead to a lack of joy.
Trust	Trust can easily be broken in this world, but we learn that we can trust God in every circumstance. In our lives we go through trials and following God’s plan might seem as if it doesn’t make sense, but we learn that God is always in control and he will never leave us.
Love	Love is the capacity to extend ourselves for the sake of another person’s growth. God is the ultimate example of love in action. Love teaches us to understand, respect, and support each other. Love requires action. It's not a <i>thing</i> we try to get for ourselves, but instead is an <i>action</i> we express to others through sharing and serving. Love activates, love empowers and love encourages the growth of our other core values.
Joy	Joy is not based on circumstances, but a deep-seated sense of happiness in what God has done and what he is doing. We believe we are shaped by our thoughts; when the mind is pure, joy follows like a shadow that never leaves.
Hope	Hope alongside faith is a living and daring confidence in God’s grace. Hope sees the invisible, feels the intangible and achieves the impossible. Hope gives us direction. Hope gives us the determination and strength for whatever we face. In Romans 12:12 it says: ‘Rejoice in our confident hope. Be patient in trouble and keep praying’. Hope is <i>not</i> the conviction that something will turn out well, but the <i>certainty</i> that something makes sense, regardless of how it turns out.
