

St Michael's School Uniform

As a school community we endeavour to be inclusive and welcoming, therefore our uniform requirements are not defined by gender.

The school is mindful of Government guidance regarding the costs of branded items. We therefore have minimised the number of items in our uniform which need to be purchased from a specific supplier.

The school takes a great pride in its school uniform and all children are expected to observe it. Staff and Governors ask for parents' co-operation in carrying out the school uniform policy. All clothing and other items (e.g. bags, lunchboxes, etc.) must be clearly labelled with the child's name.
